PRINCIPLES OR MEN.

The Eureka Sentinel well says the old rule is reversed in this campaign and it is men not principles over which the fight will be. The affairs of the country are in such a happy state that no great differences exist between the parties. Everybody is agreed that something should be done on the Chinese and railroad questions, and the only reason for hesitation is that the congested wisdom of the nation is at a loss as to just what it is best to do. The questions are hard ones and not to be rashly dealt with. The financial question has sunk out of sight. Any change as now necessary are minor and unimportant, and unless some one tries to spend it again it requires very little attention. The bloody shirt still flutters in places but it has lost much of its sanguinary significance. The Sentinel is right. We will fight for men not principles, and still there is a great principle involved. We want a President, not a politician in the White House. Future generations will say that Hayes was a far better president than Grant or Buchanan. The same people who object to a third term believe that a man who plans and intrigues for the office would be trampled and in part owned by his friends. They believe that a man who has worked for that one object for five or six years like Conkling or Blaine, would promise any office that would give him a vote, and his whole government would be organized before he went into convention. We can almost swear this of Blaine, because other acts of his show him to be a man of not the highest character.

## THE EVIDENCES OF FAITH.

People of rudimentary minds worship the things they do not understand. The Indian sees God in storms and hears him in the wind. Columbus told the West Indians a devil would devour the sun unless they did what he wanted them to, and when the eclipse came on they believed him. The Chinese think that a dragon is eating up the sun every time there is an eclipse, and they worship the dragon. Thousands of religions have grown up, fed and got fat upon the credulity and ignorance of their followers. Spiritualism flourishes upon the simple proposition that there are forces in nature that we do not entirely understand. The evidences are such as can be given by any sleight of hand performer travelling around the country, and when explained, are so simple that one wonders how they ever were so mistaken as to believe them supernatural. The medium is usually of no character at all, and yet when he tells his listeners that the sounds they hear, and the pressures they receive, and the writing on the slate are from their dead friends, many believe it to be true. One of the great dangers of spiritualism is that the men or women who accept it as true, have no firm ground to stand upon. They let go of everything which is capable of proof and live in the supernatural. They are hardly certain that two and two make four. There is the greatest probability of insanity ensuing in such cases. When a man goes to studying on the infinite he goes crazy. It is like poring day after day on the question, "Who made God?" A man wants some place where he can rest his feet and say "I know this to be true." When we try to grasp infinity we lose our reason.

## THE WEAVER BILL.

The bill to make good to the soldiers of the war the loss they sustained by the great depreciation in the greenbacks in which they were paid, seems at first sight to appeal at once to the justice and gratitude of the nation. A closer examination shows it simply to be a circulation scheme of the flat money men. Mr. Weaver who introduced it is a greenbacker, and his bill provides that five hundred millions of dollars shall be printed and issued for the purpose. Of course the addition of this amount to the three hundred and sixty-seven millions now in circulation means the abolition of specie payments and the unsettling of all values. To multiply our supply of greenbacks by two and a half would be to undo the hard work of the past fifteen years, during which by much self denial and many deprivations we have strengthened our credit and our greenbacks and bonds are worth dollar for dollar. We do not believe any such bill has a ghost of a show at this time and we hope it will be promptly killed.

# THE TRANSPORTATION SQUABBLE.

The Chronicle makes the assertion that the people of California, Oregon and Nevada have cause for self-congratulation in the trouble that has arisen between the Pacific Mail S. S. Co. and the Pacific railroads. We do not see how it can benefit Nevada. The competition will only reduce the rates on through freight and passenger traffic, and cannot effect way traffic. Nevada is in the nature of a way station and the reduced rates will not benefit that state, as it is not a competing point. Therefore the competition does not apply. The railroad company might of its own motion reduce freight and fares to points in Nevada, but the competition cannot compel it to do so—Stock Report.

## EDITORIAL NOTES.

The Alaska Indians have been having a little war all to themselves. The Hoochenos marched against the Sticks, but were beaten back home again. Several Indians were killed and more wounded. All this happened at Wrangle. The whole trouble grew out of the consumption by the Indians of undue quantities of Hoocheno whisky, the famous fire-water of the region. Peace and quiet reigned at last accounts.

A hundred ton gun was tried a Spezia a day or two ago. A press telegram states that it attained a range of 10,000 meters with a charge of 220 kilograms, which, being interpreted, means that a target distant six and a quarter miles could be struck by a shot from the monster gun, and that the weight of its load of powder and projectile was about two and a quarter tons.

The Ogden Dispatch has suspended, for lack of appreciation and support, it says in the last number. Since it changed ownership a few months ago, it has been conducted on an expensive plan, probably at too great cost to pay in a town like Ogden. With its dying breath, the Dispatch rather ungraciously tilts at the good people of Ogden, who failed to appreciate its excellence.

Rev. Edward Cowley of New York, who kept the "Shepherd's Fold" for children, seems not to have been a very tender shepherd, for twenty-five indictments have been found against the reverend gentleman, charging him with starving and ill-treating the lambs of his fold.

Bishop Simpson, of the M. E. church, says he first conceived the idea of Sherman's march to the sea and mentioned it to Grant. Just as likely as not, the men who stand off and look at a thing, see much that those engaged overlook.

E. A. Weed, of the Lassen Advocate, has begun the publication of a new temperance paper, called the Champion of Honor. May he have success in the undertaking.

There is considerable asbestos found in the telephone mine owned by C. R. Leach, near Colfax, also six or eight dollars per ton in gold.

A correspondent asks the Cincinnati Gazette to give the best way of raising chestnuts from the seed. The editor answers, "plant the seed."

The "Independent Republican Scratches" of New York are opposed to both Grant and Blaine.

The decrease of the public debt in January was \$11,014,263.

Senator Blaine was 50 years old Saturday.

Bob Ingersoll is for Blaine.

A young English girl, on a visit to Teignmouth from Somersetshire, has recently had a narrow escape from death. It seems she is given to sleepwalking, and the other night she opened her bedroom window, lowered herself to the ground, clambered over the railings and walked to the sea. The cold soaked her, but the fright rendered her powerless. When discovered and rescued by a constableman she was sitting knee-deep in water; there was a considerable sea on and a fresh wind blowing, so that her escape was marvellous.

Geographically a Daisy.

From the Chicago Times.  
 Mr. J. W. Jewett is mildly talked about as a candidate for the Presidency, and seems to have certain unapproachable excellencies in a geographical way; as thus: he was born in Maryland, is a heavy taxpayer in Ohio, is engaged actively in business in New York, is residing temporarily in New Jersey, and has large interests in Kansas. Geographically he's a daisy.

Two Chinese cooks named Ah Gow and Ah Hoy quarreled in the street at Marysville, Sunday night. Gow shot and killed Hoy almost instantly. The murderer escaped.

 When we say we believe, we have evidence to prove that Shiloh's Consumption Cure is the best Lung Medicine made, in as much as it will cure a common or Chronic Cough in one-half the time and relieve Asthma, Bronchitis, whooping cough, croup, and show more cases of consumption cured than all others. It will cure where they fail, it is pleasant to take, harmless to the youngest child, and we guarantee what we say. Price, 10 cts. 50 cts. and \$1.00. Stop That Cough.  
 With a simple bottle of Kaiser's German Elixir. This is the most wonderful cough remedy ever introduced, being mild, yet positive in its action and something under all circumstances. Old and young may use it with perfect security. It is rich in the medicinal properties of star, wild cherry and horehound. Ask your druggists, Messrs. Oshorn & Shoemaker, about its merits. They sell large quantities of it and say it supercedes all others. The genuine bears the Prussian coat of arms and the facsimile signature of Dr. Kaiser on the wrapper and has his name blown in every 75 cent bottle. Samples 25 cent. Large size 75 cents. feb

The Word "Goodness."  
 Which has already become a household word, is derived from the Greek, and is composed of two words, Good and Odeon. "Goodness" means to be good, and "Odeon" the word "GOODNESS" is a preserver of the teeth. And it is true to its name. It beautifies and preserves the teeth, hardens and invigorates the gums, and corrects all impurities of the breath. The odor of this preparation is so delightful that it is a luxury to apply it. It is as harmless as water. Sold by druggists and purveyors. jan 6 o s m d w

The Reason Why.  
 How is it, May, that all the big gloves worn at the Lodge Year party, came from A. Strassman & Co? It is because they sell the best fitting gloves, from 5 to 13 buttons, and the loveliest shades in the State, and furthermore, they warrant every pair of gloves they sell, and their prices are very reasonable indeed. # SHAEFFER'S ADVERTISEMENT.

DISSOLUTION  
 OF  
 Co-Partnership.

NOTICE IS HEREBY GIVEN that the partnership heretofore existing under the name, style and firm of J. W. SHAEFFER & CO., is this day dissolved by mutual consent. The business of said firm will be hereafter conducted and carried on by JOHN W. SHAEFFER, who will receipt and liquidate any and all indebtedness due and owing by said firm. JOHN WERNER SHAEFFER, JULIUS KRAEMER.

Dated, San Francisco, Dec. 29, 1879.

In reference to the above, I desire to notify my customers that I shall carry on the manufacture of Cigars as formerly, on the old premises, and under the old name of J. W. SHAEFFER & Co. My aim in the future, as in the past, shall be to give each and all my patrons a fair and full equivalent for their money, only asking in return promptitude in remitting the values I have given them at the time agreed. It will be my effort to make my long experience (unexcelled as a local manufacturer) more than ever profitable to my customers, by more than usual care in the selection and treatment of the Tobacco, and in nicety of execution in manufacturing. I shall adhere strictly to the determination announced by my firm some months ago, not to employ drummers to effect sales, but rely solely on the merits of my goods, and give all the advantages of reduced expenses to my patrons in lower prices. I shall, however, visit, if possible, personally, or by my former salesman, B. F. Armstrong, all my customers during the year, to ascertain their views, and profit, if I can, by the experience they have gained in handling my goods, as to the wants of the trade and the tastes of consumers. Thanking my friends for past favors so liberally bestowed, I can say, on soliciting their continuance, that I am determined that their views and wishes shall be more freely and exactly gratified in the future. Wishing you a full share of the prosperity in business apparently promised the Coast during the coming year, I am, yours respectfully,

J. W. SHAEFFER.

Solid Abyssinian Gold Watch

FREE! FREE! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Swiss and French watches, and have secured a large stock of these goods in Chicago at the lowest prices. Since starting we have always been able to dispose of these goods in Reno at a profit, and our regular customers throughout the country at nearly regular prices, as low as we could procure them, but owing to the large number of failed, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Fifty cents for every dollar's worth, and so on throughout the entire list. Below we give a list of the most valuable of these goods.
